York air conditioner customer service

Letscool Aircon offers comprehensive services for York air conditioning systems, ensuring optimal performance and reliability. With extensive experience in York units, our certified technicians provide top-tier service for routine maintenance, urgent repairs, or expert installation. Customized service plans are tailored to each customer's needs, utilizing genuine York parts and adhering to industry standards for uncompromising quality. Transparent pricing provides clear costs without hidden fees, ensuring great value for our services. Exceptional customer support is available from our friendly team, offering advice and answers to questions throughout the process. With a focus on quality, Letscool Aircon has been serving communities since its establishment in Malaysia in 1976, delivering York brand products that meet reliability and performance expectations. York Air Conditioning System Began Operations in Malaysia in 2015 York provides one-stop service centre for residential and commercial air conditioning needs. Residential Types: - Wall Mounted Air Conditioner - Wall Mounted Deluxe - Wall Mounted Premium Inverter Commercial Types: - HVAC (heating, ventilation, air conditioning) system - Chilled Water System - Air Cooled and Water Cooled chillers with condensing units York's VRF system solves tough heating and cooling challenges. Chemical servicing options include Extra Drain Pipe Per Length, Extra Wiring Per Length, Normal Service, High Pressure Steam (HPS) Service, and Overhaul Services. York aims to deliver the best service with professional technicians who are courteous and communicative. Have to say, Naseer Yaseer is really good at his job! Tan Lee Lee The service provided by him was top-notch and very satisfying. Ventolin Ebit He even helped me with my air conditioner issues on a Saturday and did an excellent job repairing it right away. Noreen Noor I'm super happy with the work done by him, he's really professional and efficient. Fuzi Fauzie
