Skip to content At Logos Academy, we believe that all students should have access to a high-quality Christ-centered education regardless of their family's income. Logos Academy - Intelligence Plus Character Logos Academy, an urban, Kingdom school grounded in the love of Christ, educates for excellence, offers opportunity, and cultivates hope in our community. Mission Vision We shape students to become thoughtful communicators, critical thinkers, and lifelong learners, whose self-worth is centered in Christ, who love and serve family, church, community, and world with wisdom, integrity, and wonder to the glory of God. Vision Values Logos Academy helps students reach their God-given potential through a Kingdom education rooted in our vision and core values. Values 5 Core Values Christ-Centered We seek to know Jesus, be led by His Word and Spirit, and be shaped by the Gospel. We recognize Jesus as the King of all creation. This reality gives meaning and purpose to everything we do. We commit ourselves to showing respect (for God, people, education, and creation), taking responsibility, and seeking to repair the brokenness in our lives and in our world. Culturally Diverse We recognize and celebrate diversity as a gift from God and a demonstration of God's love for us. We value diversity in our students, families, staff, and city. God has brought us together from various cultural, socioeconomic, denominational, and educational backgrounds. Divided, we all become weakened and impoverished. Together, we are empowered and enriched, building bridges of brotherhood through the love of Christ. Community Minded We foster intentional community between our students, families, and staff. Logos Academy also strives to be a good neighbor to our broader community. Jesus commands us to love our neighbors and to seek the peace and prosperity of our city. Classically Educated We cultivate students in the Classical tradition of education to become people of wisdom, grace, and virtue in service to God's Kingdom. This time-tested approach to human formation fosters students who are effective communicators and creative, critical thinkers. As students develop a biblical worldview, they learn to love truth, beauty, and goodness. Collaborative Family Partnerships We believe that a participatory family is critical to what we do during the school day. Parents and families are an essential part of the Logos Academy community, and we value each person's involvement. Our History In 1998, two women with no formal background in education were moved by their faith in Christ to start a school where every student could receive an excellent education, regardless of their family's income. Today, Logos Academy, an independent school accredited by the Middle States Association, serves over 220 students in grades K-12. Two-thirds of these students live at or near the federal poverty line. Without the aid of government funding, generous donors give scholarships to make it possible for students who normally would not be able to afford tuition at Logos Academy to attend at just a fraction of the price. Everybody pays something to attend. The results speak for themselves. Students from across the economic and cultural spectrum succeed at Logos Academy and go on to a meaningful future professionally, academically, and spiritually. Logos Academy Student We have bountiful opportunities for your student to explore many different areas and to be developed into an adult who lives purposefully, growing in wisdom, virtue, and grace. Click Here Portrait of a Graduate We are committed to shaping the minds and hearts of our students. Formation extends to the whole person made in the image of God, including his or her physical, emotional, and spiritual development. Click Here Educational Philosophy Logos Academy educates for excellence, following best practices and research-based methods to ensure that our students are thoroughly prepared for college, career, and life.
