Is an online tool that provides the ability to write and search in Arabic for Users who do not have an Arabic keyboard on their computer or smartphone. Also it allows you to translate from arabic to English, French, German, Spanish, Italian, Russian and Turkish. Arabic is usually ranked among the top six of the world's major languages. As the language of the Qur'an, the holy book of Islam, it is also widely used throughout the Muslim world. It belongs to the Semitic group of languages which also includes Hebrew and Amharic, the main language of Ethiopia. There are many Arabic dialects. Classical Arabic the language of the Qur'an was originally the dialect of Mecca in what is now Saudi Arabia. An adapted form of this, known as Modern Standard Arabic, is used in books, newspapers, on television and radio, in the mosques, and in conversation between educated Arabs from different Arabic countries (for example at international conferences). Local dialects vary considerably, and a Moroccan might have difficulty understanding an Iraqi, even though they speak the same language. Advertisement The easy way is to use the mouse, click on the Arabic letter that you want to type and the tool will provide an autocomplete functionality to help you write faster. Write using the Keyboard (English to Arabic) If you prefer using the keyboard the tool supports English to Arabic transliteration. Set the cursor inside the textarea and use the keyboard. The tool will convert the english letter to an arabic letter. For example: you can enter the roman letter "f" for "ف", "k" for "ك" or "" etc.. Type it the way you say it. Try it out !.There are different mappings from English to Arabic letters and that depends on which country you live in. WHY ARABIC IS IMPORTANT? First, it is the language of the Holy Quran.
