Tupac Shakur was a highly influential rapper and actor who is considered one of the greatest and most iconic figures in hip hop history. Born in 1971 in New York City, Tupac began his career in the early 1990s and released several highly successful albums before his untimely death in 1996 at the age of 25. Over the course of his career, Tupac became known for his thought-provoking lyrics, which often addressed social and political issues, as well as his personing struggles and experiences. In this article, we will be exploring some of the best Tupac quotes that showcased his wit, wisdom, and enduring message. From his thoughts on leadership and personal responsibility, to his reflections on the struggles of life and the importance of staying true to oneself, these quotes offer a powerful and enduring glimpse into the mind and heart of one of the greatest figures in hip hop. I think Im a natural-born leader. I know how to bow down to authority if its authority that I respect. Im 23 years old, I might just be my mothers child, but in all reality, Im everybodys child. Nobody raised me; I was raised in this society. If I win and get the money, then the Oakland Police department is going to buy a boys home, me a house, my family a house, and a Stop Police Brutality Center. I dont see myself being special; I just see myself having more responsibilities than the next man. People look to me to do things for them, to have answers. My mama always used to tell me, If you cant find somethin to live for, you best find somethin to die for. A coward dies a thousand deaths. A soldier dies but once. No one knows my struggle, they only see the trouble. Not knowing how hard it is to carry on when no one loves you, I just dont know how to deal with so many people giving me that much affection. I never had that in my life. Just because you lost me as a friend doesnt mean you gained me as an enemy. Im bigger than that. I still wanna see you eat, just not at my table. Do everything you can to make it around the system, over the system, or out the system. In conclusion, the late Tupac Shakur was a highly influential and provocative artist whose words continue to inspire and resonate with people around the world. Tupacs quotes demonstrate his deep understanding of the world around him and his desire to inspire change and make a positive impact on society. Tupac Shakur was an American rapper and poet whose work continues to resonate with audiences today. His raw and unflinching lyrics explored themes of race, class, violence, and social injustice, reflecting the realities of many Black Americans in the late 20th century. His poetry, often delivered through rap, was characterized by its directness, emotional honesty, and powerful imagery. Shakur's work often displayed a potent blend of anger and vulnerability, giving voice to the marginalized and disenfranchised. He frequently used literary devices such as metaphor and simile to convey complex emotions and paint vivid pictures of urban life. His confrontational style challenged societal norms and gave him a reputation as a revolutionary figure. Tupac's contemporaries included other socially conscious rappers such as Public Enemy and Sister Souljah. His work was also influenced by earlier Black revolutionary poets and writers such as Maya Angelou and Gil Scott-Heron. Today, Shakur's poetry continues to be studied and celebrated for its enduring relevance and its impact on hip hop culture and beyond. 100 Best Albums The final album released during 2Pacs lifetime was also his most successfultwo discs and more than two hours of the rapper, actor, activist, and poet at the absolute peak of his popularity. Released in February 1996, All Eyez on Me is his only Diamond-certified collection and features his only No. 1 singlethe libidinous How Do You Want It backed with the giddy California Love (here in remixed form). In a recording career that lasted less than five years, hip-hop's most complex figure showed us many sidestre the political firebrand of 1993s Strictly 4 My N.I.G.G.A.Z., the introspective diarist of 1995s Me Against the World, and the temperamental hothead of his Makaveli project, released shortly after his death in September of 96. However, most of the 27 tracks on All Eyez on Me showcase 2Pac as a gangsta-rap tough guy, an Aliz-sipping lothario, a Benz-pushing big shot, and a California party-starter. In short, one of the reigning kings of 90s G-funk on one of the genres most defining releases.But a harder exterior emerged after a series of personal struggles: his being shot in 1994, financial troubles, serving eight months in prison, and signing with West Coast rap powerhouse Death Row Records. Though All Eyez on Me has the sound of an upbeat party album, it also has the vicious rhymes of the most hardcore gangsta-rap release, with 2Pac setting his sights on jealous men, backstabbing friends, groupies, gold diggers, the police, and the media. The lush hooks of 90s funk and R&B are given new thump by producers like Johnny J, DJ Quik, Daz Dillinger, the era-defining Dr. Dreand Pac himself.2Pacs boasts range from the straightforward to the technical (So mandatory my elevation, my lyrics like orientation/So you could be more familiar with the n***a you facin/We must be patient, nothin better than communication/Known to damage and highly flammable, like gas stations). And hes supported by an absolutely stacked roster of West Coast hip-hop all-stars, including Death Row superstar labelmates, titans of 90s Bay Area rap, and members of 2Pacs own Outlawz crew. 2 of Amerikaz Most Wanted, a Top 40 single, features the first collaboration between 2Pac and Snoop Dogg, and they trade bars like theyd been working together for years.Though All Eyez on Me has deeply personal tearjerkers (Life Goes On), incredibly filthy sex raps (Whatz Ya Phone #), and evocative storytelling (Shorty Wanna Be a Thug), its best known for anthems of defiance like Ambitionz Az a Ridah and Picture Me Rollin, in which one of musics greatest writers embraces the angry, funky, celebratory, larger-than-life side that made him an icon of 90s gangsta rap. On his third album, the stressed-out West Coast poet turned a critical eye from his bleak surroundings to his own conflicted psyche. Me Against the World marks 2Pacs official shift from gangsta to philosopher, sacrificing none of the rebellion. He imparts bittersweet brotherly advice over glossy G-funk (Young N****z), spits sincere thug love ballads (Temptations), and dodges haunting premonitions of his own death on the bluesy So Many Tears. And then theres Dear Mama, the best rap song about moms ever made. 2Pac is arguably the most influential rapper of all-time. In fact, his closest analog may not be late rival The Notorious B.I.G., but rather dorm-room icons of the mythologized past: Jimi Hendrix, Bob Marley, and James Dean. Even if his legend has become a tall tale, his music remains an indelible testament to the multitudes he contained. He was born Lesane Parish Crooks in 1971, but his mother (a Black Panther leader) swiftly changed his name to Tupac Amaru Shakur in honor of the last Inca emperor to perish while resisting Spanish rule. For much of his career, he embodied this revolutionary, fight-the-power ethos on songs like Trapped and Keep Ya Head Up, befitting the Afrocentric, conscious-minded milieu of the early 90s. But there was also the funkadelic player (I Get Around), the insular loner (Me Against the World), the savage warlord (Hit Em Up), and the sensitive poet (Brendas Got a Baby). And as Death Row Records strain of gangsta rap defined the middle years of the decade, he became the labels avatar. Originally branding himself MC New York, 2Pac incorporated influences from the East and West Coasts, not to mention the South, to create a universalist message and sound that explains why murals of him can be found all the way to Sub-Saharan Africa. But you dont have to travel far to witness his impact: Even two decades after his untimely demise, 2Pacs influence can be heard in everyone from Lil Wayne to Kendrick Lamar to Future.
