We use cookies and data to Deliver and maintain Google services Track outages and protect against spam, fraud, and abuse Measure audience engagement and site statistics to understand how our services are used and enhance the quality of those services If you choose to Accept all, we will also use cookies and data to Develop and improve new services Deliver and measure the effectiveness of ads Show personalized content, depending on your settings Show personalized ads, depending on your settings If you choose to Reject all, we will not use cookies for these additional purposes. Non-personalized content is influenced by things like the content you're currently viewing, activity in your active Search session, and your location. Non-personalized ads are influenced by the content you're currently viewing and your general location. Personalized content and ads can also include more relevant results, recommendations, and tailored ads based on past activity from this browser, like previous Google searches. We also use cookies and data to tailor the experience to be age-appropriate, if relevant. Select More options to see additional information, including details about managing your privacy settings. You can also visit [g.co/privacytools](https://www.google.com/privacytools) at any time. We're rolling out powerful new capabilities in Search, including Gemini 2.5 Pro and a deep research tool, to Google AI Pro and AI Ultra subscribers. Plus, a new agentic feature can help you get even more done. Learn about Google's work and impact around the world. Gemini is now rolling out on Wear OS smartwatches. Get quick and helpful responses, work across your apps, set timely reminders and more. You're never more than a tap away from your data and settings. Just tap your profile picture and follow the link to Manage your Google Account. From your profile picture, you can also easily sign in, sign out, or turn on Incognito mode. When it comes to privacy, we know one size doesn't fit all. That's why every Google Account comes with easy-to-use controls and tools like Privacy Checkup so you can choose the privacy settings that are right for you. You can also control what data is saved in your account with easy on/off controls, and even delete your data by date, product, and topic. Your Google Account gives you a safe, central place to store your personal information like credit cards, passwords, and contacts so it's always available for you across the internet when you need it. You can also visit [g.co/privacytools](https://www.google.com/privacytools) at any time. Make it Instagram official. Follow us @googlephotos Download the Google Photos app Google Photos works for you. You can sync your library and favorites during setup and your photos will automatically upload to the app. Easily revisit your favorite memories. With machine learning, your top shots are curated for you so you can share them with the people who made those moments special. Your photos and documents are automatically organized, so you can spend more time enjoying your memories and less time arranging them. Automatically group similar photos together with PhotoStacks. Documents are sorted into albums, like screenshots, receipts, notes, and more. Everything you add to Google Photos belongs to you, and you can always delete or export your content. How much storage do I get for my photos and videos? Every Google Account comes with 15 GB of storage for Google Photos, Gmail, and Google Drive. You can also buy more storage with a Google One membership plan. How do I back up my photos and videos? You can automatically save your photos and videos to your Google Account when you turn on backup. You can enable backup while setting up your Photos app or if you go to the Settings page and turn backup on. You can also manually backup your photos. Learn more about the benefits of backup. How can I share my photos? You can share photos, videos, albums, and highlight videos with any of your contacts, even if they don't use the Google Photos app. Simply tap the Share button and you can send photos directly to existing Google Photos users or tap Share to share with your contacts, share in your everyday apps, create a shared album or create a direct link to that photo. Learn more about how to share your photos and videos. How do I search for my photos? You can easily search your photos and videos for anything. For example, you can search by places you've traveled, your pet, your favorite foods and more. To more easily search and manage your photos, you can apply a name to people or pets that appear in your photos. Learn more about Face Groups and how to search your photos. Back up your life's memories on all your devices. Scan for the Photos app Products shown on this page are not available in all countries. Visit support.google.com for more information on specific product availability.
